Data: ____/____/____

The Minister of Industry, Entrepreneurship, Trade and Innovation, pursuant to Article 9, Article 10 (paragraphs 1 and 2), and Article 11 of Law No. 06/L-113 on the Organization and Functioning of the State Administration and Independent Agencies, Article 11 (paragraph 1, subparagraph 1.5) of Law No. 08/L-118 on the Government of the Republic of Kosovo, Article 15 of Law No. 08/L-018 on Trade of Petroleum Products and Renewable Fuels, Article 4, paragraph 1, subparagraphs 1.1 and 1.2, Article 7 of Administrative Instruction (GRK) No. 03/2022 on Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures, Article 1 of Administrative Instruction (GRK) No. 09/2022 on Amending and Supplementing Administrative Instruction (GRK) No. 03/2022 Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures, and Article 20 of Regulation (GRK) No. 04/2026 on the Areas of Administrative Responsibility of Ministries, issues the following:

D E C I S I O N

- 1.1. The maximum allowed wholesale trade margin shall be two (2) Euro cents per liter;
- 1.2. The maximum allowed retail trade margin shall be two twelve (12) Euro cents per liter;
- 1.3. Entities shall be obliged to supply and offer oil products for sale, as before setting the prices and imposing protective measures.
- 1.4. Increased inspection supervision;
- 1.5. Expedited submission of the case to the Competition Authority, when there are suspicions of a violation of free competition;

2. Price regulation and measures from point 1 of this Decision shall remain in force thirty (30) days from the day this Decision enters into force.

3. The oversight of the implementation of this Decision shall be carried out by the Central Market Surveillance Inspectorate, in coordination with Kosovo Customs and the Tax Administration of Kosovo.

R e a s o n i n g

The Ministry of Industry, Enterprise and Trade has regularly monitored the markets of oil products and based on the daily evidence received by Kosovo Customs regarding the prices of supply/import of oil products as well as the daily reports from the Central Market Surveillance Inspectorate regarding the wholesale and retail prices of oil products, whereby it results that frequent price fluctuations in the international market are reflected in our domestic market mainly when there is an increase in prices but not in cases where there is a decrease. Therefore, the lack of proportionality between the declared oil prices upon import and the prices in our domestic market constitutes grounds for regulating prices and implementing other protective measures pursuant to Article 15, paragraph 2, subparagraph 2.3 of Law No. 08/L-018 on Trade with Petroleum Products and Renewable Fuels, Article 3, paragraph 2, subparagraph 2.3 of Administrative Instruction (GRK) No.03/2022 on Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures.

Price regulation and other protective measures shall be set pursuant to Article 4 and Article 6 of Administrative Instruction (GRK) No. 03/2022 on Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures and shall be intended to protect the consumer, protect competition and avoid market disturbances.

The calculation of the maximum allowed wholesale and retail trade margin shall be made according to Article 4, paragraph 1.1 and 1.2 of AI No. 03/2022 on Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures.

In light of the foregoing, it is decided as in the enacting clause of this Decision.

This Decision shall enter into force one (1) day following its publication in the Official Gazette of the Republic of Kosovo.
