Pursuant to Article 12 paragraph 3 of Law No. 08/L-172 on General Product Safety (Official Gazette No. 9 / 3 April 2023), Article 11 paragraph 1 sub-paragraph 1.5 of Law No. 08/L-117 on Government of the Republic of Kosovo, Article 9 paragraph 2 of Regulation No. 17/2024 of Rules and Procedure of the Government of the Republic of Kosovo, and article 20 of Regulation (GRK) - No. 04 /2026 on the Areas of Administrative Responsibility of Ministries

issues:

**ADMINISTRATIVE INSTRUCTION (MIETI) No. 01/2026 ON NOTIFICATION
REGARDING PRODUCTS WHICH ARE DANGEROUS FOR CONSUMERS**

**Article 1
Scope**

This Administrative Instruction defines the notification obligation, as well as the form and content of the notification that manufacturers and distributors submit to the competent inspectorate if, based on the information, knowledge or professional experience available to them, they know or should know that the product they have placed on the market is dangerous for consumers and does not comply with the general safety requirements.

**Article 2
Scope**

The provisions of this Administrative Instruction shall apply to manufacturers and distributors regarding the notification obligation for all products that pose a risk to consumers.

**Article 3
Notification obligation**

1. The notification obligation is the responsibility of manufacturers and distributors according to the Law on General Product Safety.
2. If the manufacturer is the first to have evidence that the product is dangerous, he must notify the competent inspectorate according to Article 4 paragraph 1 of this Administrative Instruction, forwarding a copy of the notification to the distributor.
3. Distributors according to paragraph 2 of this Article shall forward a copy of the notification to all retailers to whom the product has been delivered.

4. If the distributor of the product is the first to have evidence that the product is dangerous, he shall notify the manufacturer and the competent inspectorate according to Article 4 paragraph 1 of this Administrative Instruction and a copy of the notification must be forwarded to all retail sellers to whom the product was offered/delivered.

5. The manufacturer who accepts the copy of the notification from the distributor according to paragraph 3 of this Article shall forward it to the competent inspectorate with all the data it possesses regarding the dangerous product, and in particular the list of other distributors in order to validate the supply chain (to determine the traceability) of the product.

Article 4 Notification

1. The written notification which is part of this administrative instruction is sent to the competent inspectorate immediately from the day it is realized that the product is dangerous for the consumer.

2. The Ministry of Industry, Entrepreneurship, Trade and Innovation is required to publish the notification form on the official website.

3. The bearers of the notification obligation according to Article 3 of this Administrative Instruction may not postpone the notification even if a part of the data is not yet at their disposal.

4. The bearers of the notification obligation shall submit the data in points 1 to 5 of the form attached to this Administrative Instruction, in accordance with Article 5 hereto.

5. In cases where the product presents a serious risk, the bearers of the notification obligation shall submit the data in point 6 of the form attached to this Administrative Instruction, in accordance with Article 3 here to.

Article 5 Data collection

1. In order to collect data on a dangerous product, the bearers of the notification obligation according to Article 3 of this Administrative Instruction may use the following data:

1.1. reports or other data related to accidents which are related to the product;

1.2. consumer complaints related to safety;

1.3. proof of coverage of insurance costs related to dangerous products;

1.4. non-fulfillment of safety requirements which the manufacturer, according to Article 3, paragraph 1 of this Administrative Instruction, has ascertained by implementing quality control procedures;

1.5. all data related to non-fulfillment of safety requirements, which have been addressed by the competent inspectorates, consumer protection associations, consumers or other natural or legal persons who place and/or have placed the product on the market;

1.6. information on scientific achievements related to product safety.

2. If the competent inspectorate according to paragraph 1 of this Article has not been provided with all the necessary data for the dangerous product, they shall be requested from the bearer of the notification obligation as additional information about the dangerous product.

3. In the event that producers and distributors do not fulfill the obligations defined under this Administrative Instruction, the Inspectorate shall take measures in accordance with the Law on General Product Safety and the Law on Market Surveillance.

Article 6

Final provisions

The form for notification regarding dangerous products that manufacturers or distributors submit to the competent inspectorates is an integral part of this Administrative Instruction.

Article 7

Repeal provision

Upon entry into force of this Administrative Instruction, Regulation No. 13/2012 on notification regarding products which are dangerous for consumers shall be repealed.

Article 8

Entry into force

This Administrative Instruction shall enter into force three (3) months after publication in the Official Gazette of the Republic of Kosovo.
