Ref. no. 01/110

Date: 03/08/2026

The Minister of Industry, Entrepreneurship, Trade and Innovation, pursuant to Article 9, Article 10 (paragraphs 1 and 2), and Article 11 of Law No. 06/L-113 on the Organization and Functioning of the State Administration and Independent Agencies, Article 11, paragraph 1, subparagraph 1.5, Articles 30 and 31 of Law No. 08/L-117 on the Government of the Republic of Kosovo, Article 15 of Law No. 08/L-018 on Trade of Petroleum Products and Renewable Fuels, Article 5, paragraphs 3 and 4 and Article 7 of Administrative Instruction (GRK) No. 03/2022 on Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures, Article 1 of Administrative Instruction (GRK) No. 09/2022 on Amending and Supplementing Administrative Instruction (GRK) No. 03/2022 Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures, and Article 20 of Regulation (GRK) No. 04/2026 on the Areas of Administrative Responsibility of Ministries, issues the following:

DECISION

1. The following temporary price regulation and other protective measures for oil products usable in transport shall be set as follows:

1.1. The maximum wholesale selling price shall mean the average supply price of the product (according to daily records from the Kosovo Customs), plus two (2) eurocents.

1.2. The maximum retail-selling price shall mean the average supply price of the product as defined in paragraph 1.1 of this Article, plus twelve (12) eurocents.

1.3. The average supply price for diesel shall mean the average of the prices per liter at which the last ten million (10,000,000) liters have been imported, based on daily records from Kosovo Customs.

1.4. The average supply price for any fuel other than diesel shall mean the average of the prices per liter at which the last one million (1,000,000) liters of the product have been imported, based on daily records from Kosovo Customs.

1.5. Entities engaged in the trade of petroleum products shall be obliged to comply with the maximum price in accordance with this Decision and to ensure the supply and offering for

sale of petroleum products, both prior to and following the imposition of prices and protective measures;

1.6. The inspection authorities shall intensify market surveillance in order to ensure the implementation of this decision;

1.7. In case of suspicions of prohibited practices or distortion of free competition in the market, the cases shall be submitted in an expedited manner to the Competition Authority.

2. The price regulation and measures under point 1 of this Decision shall remain in force for thirty (30) days from the date of entry into force of this Decision.

3. The oversight of the implementation of this Decision shall be carried out by the Central Market Surveillance Inspectorate, in coordination with Kosovo Customs and the Tax Administration of Kosovo.

4. Non-compliance with the price cap on petroleum products or fuels shall be subject to fines, while in case of recurring violations, a prohibition on carrying out the activity shall be imposed, along with other punitive and administrative measures in accordance with the applicable legislation.

R e a s o n i n g

The Ministry of Industry, Entrepreneurship, Trade and Innovation has regularly monitored the markets of petroleum products and, based on the daily records received from Kosovo Customs regarding the supply/import prices of petroleum products, as well as the daily reports from the Central Market Surveillance Inspectorate regarding wholesale and retail selling prices of petroleum products. From the analysis of these data, it results that price movements in the international market are reflected in the domestic market mainly in cases of price increases, whereas in cases of price decreases, the reflection is limited or delayed. Therefore, the disproportionality between the prices of petroleum products declared at import and the prices in the domestic market constitutes grounds for price regulation and the imposition of other protective measures in accordance with Article 15, paragraph 2, sub-paragraph 2.3 of Law No. 08/L-018 on Trade in Petroleum Products and Renewable Fuels, and Article 3, paragraph 2, subparagraph 2.3 of Administrative Instruction (GRK) No. 03/2022 on the Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures. This disproportionality between the prices declared at import and the selling prices in the domestic market may create distortions in the functioning of the market and harm consumer interests.

The regulation of prices and other protective measures is determined based on Article 5, paragraph 1 of Administrative Instruction (GRK) No. 09/2022 on Amending and Supplementing Administrative Instruction (GRK) No. 03/2022 on Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures and Article 6 of Administrative Instruction (GRK) No. 03/2022 on Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures, and aims to protect consumers from unjustified price increases, safeguard competition, eliminate market distortions, and ensure the normal and transparent functioning of the petroleum products market.

The calculation of the maximum allowed wholesale and retail selling price shall be carried out in accordance with Article 5, paragraphs 3 and 4 of Administrative Instruction No. 03/2022 on Price Regulation of Petroleum Products and Renewable Fuels and Other Protective Measures and Article 1 of Administrative Instruction (GRK) No. 09/2022 on Amending and Supplementing Administrative Instruction (GRK) No. 03/2022 on Price Regulation of Petroleum Products.

Based on the analysis of the market situation and the legal competencies of the Ministry, it was decided as in the enacting clause of this Decision.

This Decision shall enter into force one (1) day after its publication in the Official Gazette of the Republic of Kosovo.
